

RIVER NEWS

Capt James Morgan Hooff, of the steamer Winefrede, is home for a week.

The J T Hatfield, Capt Gebhart commander, left last night for the mines to bring out coal for the Southern market.

The Otto Marmet, Capt Ed Woodward in command, left Raymond City last night with a two of coal for Cincinnati.

The Reba Reeves is on the Gardner docks for general repairs.

The R P Gillham left Point Pleasant with a tow of 22 pieces for Cincinnati.

The Florence Marmet is in the Kanawha harbor. She will leave in a few days for Cincinnati.

The new steamer D T Lane is dropping out coal from the mines for reshipment from here to Cincinnati. The new Lane is in charge of Capt Albert Martin.

The J B Lewis, Capt John T Martin in command, left Monday night for Cincinnati.

The bids for the construction of what is known as the "Pass" for Dam No. 19, a few miles below Parkersburg, will be opened in the office of the U. S. Engineer at Wheeling, on April 12. As soon as this portion of the work is completed it will be followed by the construction of the lock and then the dam.

United States Engineer Col. J. G. Russell, in charge of the works and improvements on the Ohio River, announces that he expects to be able to begin on April 1 the surveys for sixteen new locks and dams authorized by Congress. The work will take fully one and one-half years for completion, he estimates. He believes that the work can be done by the men attached to the Pittsburgh, Louisville, Wheeling and Cincinnati offices, without much help.

Captain Jesse Hughes, Clerk Harmon and Mate Willis of the Tacoma, are looming up like a flower in bloom in the spring in their attractive new blue uniforms, while the rest of the crew are looking like the last rose of summer in their old clothes. Purser Dave Scatterday also invested in a black suit, for he says it makes him look like a gentleman, which we can vouch for, for he certainly is, from his courteous treatment to all passengers. Pilot Henry Holloway says it was bargain day in Cincinnati and the crew attended, where it was a sale of clothes for street men.—Iron-ton Notes, Waterways Journal.

Captain Aaron McLaughlin, whose death occurred a few days ago at Marietta, was one of the oldest and widely known master pilots on the Ohio river and tributaries, having been in service for over fifty years. He was born at Norwalk, Ohio, in 1834, and at the age of fifteen he began life on the river, starting as a cabin boy, but rose rapidly in the business, and was soon at the wheel. Capt. McLaughlin was the pilot on the Buckeye, Carrie Brooks, Zanesville, Salt Valley, Carrollton, Hudson, Pittsburg, Emma Graham, Katie Stockdale, St. Lawrence, Virginia, Queen City and Lorena.
